## BUILD YOUR OWN PACKAGE

We also allow our clients to build their own packages in order to meet the needs of their personnel department. For example, if your employees do not require professional licenses, or do not drive your company vehicles, those checks will not be needed. You may want to put another check in place to meet your specific needs.

## EMPLOYEE RELATED INVESTIGATIONS

Do you have employees that work outside the office? Do you feel their performance or work habits are declining? You may want to monitor their activities during work hours. We have conducted these types of investigations on outside sales reps, construction workers, surveyors, and numerous other professions.

## EMPLOYEE ANALYSIS

Do your employees have contact with your clients or customers? Let us design a program and evaluate them to ensure your clients and customers are being treated in a professional manner by well-qualified employees. An investigator will initiate contact with your employees, as a customer or potential client, in an undercover fashion to determine these facts.
